OBJECTIVE

Aspiring Full-Stack Developer with hands-on experience in **MERN stack** development and frontend engineering. Skilled in building responsive web applications, integrating backend services, and creating user-focused interfaces. Strong foundation in **Java**, **Python**, **JavaScript**, **MongoDB**, and **Express.js** with a passion for problem-solving, collaboration, and continuous learning. Seeking opportunities to contribute to innovative software development and AI-driven projects.

PROJECTS

AI Resume Builder (MERN Stack)

- Developed a full-stack AI-Powered resume builder using MongoDB, Express.js, React.js and Node.js.
- Implemented dynamic resume generation with customizable templates.
- Designed a responsive and user-friendly interface for seamless user experience.
- Integrated backend APIs for efficient data handling and storage.

Symbi-City: The Futuristic Smart City (Hackathon Winner)

- Developed a 3D smart city platform with interactive real-world service simulations.
- Implemented a smart pod booking system with real-time availability and destination-based navigation.
- Developed immersive hubs including Clinic, School, Office, Social, and Entertainment modules.
- Designed and implemented a modern dark-mode UI with smooth animations and futuristic design principles.

EXPERIENCE

Frontend Development Intern | CodeAlpha

Aug 2025 – Sep 2025

- Developed responsive and user-friendly web interfaces using HTML, CSS, and JavaScript.
- Collaborated with the development team to implement interactive features and improve UI/UX design.
- Optimized website performance and ensured cross-browser compatibility.

Technical Team Member | Coding Connoisseurs

March 2026 – Present

- Contributed to technical activities and event organization within the coding community.
- Assisted in building and maintaining web-based projects for club initiatives.
- Participated in collaborative problem-solving sessions and peer learning activities.

EDUCATION

- University of Lucknow**, Lucknow, Uttar Pradesh – **B.C.A.** | **2027**
- St. Aloysius College**, Pilibhit, Uttar Pradesh – Class 12 (PCM, CBSE) | **75.8%** | **2022**
- St. Aloysius College**, Pilibhit, Uttar Pradesh – Class 10 (CBSE) | **72.6%** | **2020**

SKILLS

Technical Skills:

- Frontend: HTML, CSS, JavaScript, React.js
- Backend: Node.js, Express.js
- Databases: MongoDB, MySQL
- Programming Languages: Java, Python, JavaScript
- Version Control: Git & Github
- Basics of RESTful API Development and Deployment

Soft Skills:

- Strong problem-solving and logical thinking
- Ability to work independently and in teams
- Good time management and willingness to work
- Clear communication and collaboration
